

TEUTON FORCES REACH MARNE

OCCUPY RIGHT BANK OF THE RIVER ON A TEN MILE FRONT

Germans Have Advanced 26 Miles In Past Four Days and Still Have Large Reserves Available.

LONDON, May 31.—The Germans in their Champagne offensive in France now have reached the right bank of the River Marne on a ten mile front, according to a statement given to the Associated Press today by the British general staff.

The statement says that the Germans have not yet entered Chateau Thierry but that they are attacking heavily there and to the northward. The announcement which is said to express the opinion of the general staff continues:

"The situation around Rheims is not quite clear, but if it is not already lost, it seems clear it must fall very soon.

"A new development is the German attempt to extend their attacks to the east of Rheims where they were reported to be attacking last night but no further details have yet been received.

"The situation is a very anxious one, not only because the Germans have made such rapid progress, an advance of 26 miles in four days, but also because they still have such large reserves available to be thrown into the battle at any point.

"Our transport of reserves has worked very well and there is reason to hope that the Germans will not make any further progress altho the situation must remain anxious as long as they have plenty of reserve. The immediate future depends on what course the enemy takes. The crown prince has used up virtually all his own reserves and some from the army groups to the eastward, but the great bulk of the German reserves are to the north. It remains to be seen whether the enemy will use them to develop his success toward Paris or pursue his original intention in striking toward Amiens with a view to cutting the allied armies in two.

"The attack during the past week has not been so serious as other attacks at other points in the allied line because we have more room for maneuver and can better afford to fall back. Another thing that must always be considered is that the Germans are rapidly using up their effectiveness. Thus far they have employed probably 45 divisions in the present attack.

"No review of the past week would be complete without mention of the fine exploit of the American troops in the capture of Cantigny. It was an extremely well conducted operation and, in view of the fact that the troops were untried it is notable that they not only captured their objective but held it. It is always much more difficult to consolidate and retain a position than to capture it and the performance of the Americans shows the very high standard as well as their training, bravery and fighting qualities."

Repulse German Attacks.

Paris May 31.—German attacks on French positions on the right bank of the Ailette river have been repulsed.

The Germans have reached the Marne, light detachments having penetrated as far as the river between Chateaufort and Jaulgonne.

On the right flank of the battle area the situation is unchanged which also is the condition west and north of Rheims, according to the official statement issued by the war office tonight.

Berlin Statement.

Berlin, May 31.—via London.—More than 45,000 prisoners and far in excess of 400 guns, and thousands of machine guns have been taken by the Germans, according to the German official communication issued today.

The text of the communication follows:

"There have been artillery duels of varying intensity and minor infantry engagements.

"We have closely pursued the enemy retreating from the Ailette front. South of the Ailette and across the Ailette we captured the Breigny-St. Paul Crosly Loire line.

"North of the Ailette in constant fighting we drove the enemy back by way of Biexy-Chavigny.

"To the south of Soissons the French brought forward cavalry and infantry for a violent counter-attack. They were caught with disastrous effects by our fire and defeated. We have crossed the Soissons-Hartennes road.

"French divisions which were brought up in the direction of Fere-en-Tardenois from the south-east across the Marne and from the east were unable anywhere in spite of their desperate counter-attacks to offer successful resistance to our advancing corps.

"The rear positions of the enemy at Arcy and Grand Rozoy were pierced. To the south of Fere-en-Tardenois we reached the Marne. The heights of Sainte Gemme, Romengy and Champois are in our possession.

"On the south bank of the Vesle, to the west of Rheims, Germany, Gueux and Thillois were captured. The number of prisoners and booty are increasing continuously. More than 45,000 prisoners and more than 400 guns and thousands of machine guns have been taken."

Between March 21 and April 5 the Germans took prisoners from the British and French ranks in excess of 30,000 in the battle before Cambrai, according to an official communication issued by the German war office April 5. The communication asserted that more than 1300 guns also had been captured.

Pershing's Communication.

Washington, May 31.—A successful American raid today in the Woeyre sector in which the enemy's advanced positions were destroyed and losses inflicted in killed, wounded and prisoners is reported in General Pershing's evening communication.

The communication follows:

"Section B: Attention is drawn to the fact that the German official communications of May 29th, afternoon, in reporting the capture of Cantigny, avoids mention of the fact that the operation was conducted by American troops. Recent marked endeavors of Germans to discount the fighting qualities of our forces indicate that the enemy feared the morale effect of such admission in Germany.

"In renewed counter-attacks on our new positions in the Cantigny region made by Germans on the morning of May 29th tanks were used. Our lines were firmly held. Hostile losses appear to have been very heavy. At the conclusion of this counter-attack our prisoners had increased to 240.

"On May 30 the distinguished service cross was presented to First Lieutenant D. Meyerling, infantry, at general headquarters. A. E. F. The cross was awarded by the commander in chief to Lieutenant Meyerling for the fol-

lowing gallant:

"Lieutenant Meyerling commanded a platoon of infantry which was attacked by the enemy on the morning of April 6th, 1918. He took effective measures to defeat and during the battle he was seriously wounded. He refused assistance and walked thru the enemy's barrage to a dressing station. He objected to being taken to the rear until he knew the outcome of the attack. The brave example inspired his men to drive off the enemy who did not reach our trenches. Lieutenant Meyerling lost his right hand by amputation, as the result of his wounds."

The despatch follows:

"The course of a raid executed this morning by our troops in the Woeyre our technical detachments destroyed the enemy's advanced positions. At the same time our raiding party inflicted losses in killed, wounded and prisoners. In Lorraine artillery firing has diminished. There is nothing to report from the other sectors, occupied by our troops. Early in the day our aviators shot down a hostile machine."

U. S. TRANSPORT HOMEWARD BOUND SUNK BY GERMANS

Loss of President Lincoln is Reported by Vice-Admiral Sims

WASHINGTON, May 31.—Loss of the homeward bound American Transport President Lincoln was reported today by Vice-Admiral Sims. The message was brief, merely stating the vessel was torpedoed at 10:40 o'clock this morning and went down an hour later. It made no mention of casualties.

Navy officials think the casualty list will be probably limited to a few men killed or injured by the explosion. The President Lincoln was formerly a passenger ship of the Hamburg-American Line. She was one of the German ships taken over by the United States at the declaration of war.

JUNIORS GAVE PARTY FOR SENIORS

Winchester High School Pupils Enjoy Social Event—News Notes From Scott County.

Winchester May 31.—The Juniors of the high school entertained the Senior Class and members of the faculty Friday evening. They enjoyed the first part of the evening in dancing and games at the South Side Hall which was tastefully and artistically decorated for the occasion. At 10:30 o'clock all departed for Mac's cafe where tables decorated with cut flowers awaited them. Here an excellent menu was served the guests. The party adjourned at an hour a trifle earlier than is the custom on account of the departure of some of those present on the 11 o'clock Burlington train north. Prof. G. E. Sprague, a member of the faculty and Cecil Brown and Thomas Dugan, two members of the class, departed for Lansing, Mich., where they will spend the summer.

Mr. and Mrs. David Gibbs and children, arrived Thursday noon from St. Louis for a short visit. They expect to remove their home to Winchester in about two weeks after having spent the winter in St. Louis.

Mrs. Emma Ebey of Beardstown arrived Wednesday for a visit with friends and relatives.

Mrs. Dolly De Lapp of Los Angeles, Cal., is a guest at the home of Mr. and Mrs. Ormsby Dawson.

Mrs. LeRoy Pape of Chicago is visiting her parents, Dr. and Mrs. George Bringle.

Miss Lois Coultas arrived here Thursday afternoon from Jacksonville to attend the high school commencement program. She returned to Jacksonville today.

Misses Lucille Bishop and Mary Dalton expect to leave Saturday morning for their homes in St. Louis.

Miss Agnes Smith expects to leave Saturday for her home in Springfield.

Miss Lucile Tankersley will leave Saturday for Peoria where she will make her home.

The ladies of the Baptist church will serve a dinner Saturday noon for the selected men who leave here for Fort Thomas, Ky. Ten young men will leave. Dinner will be served for the men and their immediate families only.

DEVELOP SYSTEM OF THRESHING OUT RATE PROBLEMS

Traffic Committees Appointed to Hear Complaints

WASHINGTON, May 31.—To work out many changes to be made in the new high rate schedules, Director-General McAdoo today appointed traffic committees for the eastern, western and the southern districts and for local regions, to hear complaints of shippers and recommend modifications.

At the same time it became known that the director-general plans to order a number of reductions in rates to maintain existing rate relationships between rival communities and to protect certain industries before June 25 when the new schedules are to go into effect.

Interurban electric lines are considering a general increase in both freight and passenger rates it was learned here today. Such increases in most cases would be subject to review by state commissions.

While the railroad administration today was flooded with new protests against provisions of the rate order the system of threshing out rate problems was developed. The following explanation of the traffic committee arrangement was made:

"The director-general invites co-operation of the shipping public in working out a satisfactory adjustment of freight rates on the higher level now necessary. All shippers who desire to make suggestions to the maintenance of established differentials or the readjustment of freight rates under General Order No. 28, may present their views thru the freight traffic officers of the railroads serving them, but if shippers feel after presenting such matters to their own roads that they want their views given further consideration the freight committee for the territory or district involved will be glad to hear and consider any proposal or suggestion of the shippers."

CAN THE STREETS BE SPRINKLED?

The clouds of dust on the square and business streets yesterday were very disagreeable and especially undesirable to dry goods merchants, clothiers and milliners and the question was asked many times, "can the streets be sprinkled?" Some want oil and some prefer water as it is not so bad for horses but water soon evaporates. The conditions are trying indeed and something should be done it would seem, but what? The city can do nothing that costs money and it is hard for some to pay for sprinkling while others who will not pay get the benefit and so it goes.

Every available person in the neighborhood was called out to assist in the rescue work and two fire brigades were called in. With the assistance of ladders and other fire apparatus the hospital proper was rapidly emptied of patients and personnel. It was a desperate situation. A roaring furnace represented what was left of the big wing.

Scores of persons worked frenziedly at the flaming mass of twisted timbers in their attempts to reach those entombed and many unconscious forms were carried out. The rescue work risked their lives to reach them. Excellent work on the part of the firemen finally resulted in the fire being extinguished but there were still many victims, including more than one sister, buried in the ruins. There was no hope that they were alive.

LOCAL KNIGHTS OF PYTHIAS TO WAVERLY

A number of local Knights of Pythias journeyed to Waverly Friday night where they conferred the ranks of the order on Dana E. Swift, who is soon to leave for military service. The work was done for Linton Lodge No. 401 Waverly. The trip was made by automobile. The cars being furnished by O. B. Cannon, C. B. Padgett, Mayor Henry J. Rodgers and L. E. Staff. Those who made the trip were W. L. Armstrong, George W. Gerlach, Elmer Whalen, Charles Rinehardt, Lee Stice, E. E. Lushbaugh, T. P. Carter, H. C. White, C. B. Padgett, L. B. Turner, E. C. Schwarberg, O. B. Cannon, Jewell E. Scott, J. E. Bradfield, Henry J. Rodgers.

SECOND NOTICE TO FLOUR DEALERS

All dealers in flour in Jacksonville are hereby directed to mail a statement to the County Food Administrator on June 1st, showing the amount of wheat flour on hand that date.

In the precincts of the county outside of Jacksonville, the dealers should mail such statement to their local Food Administrators.

Dealers will also report the amount in excess of their needs and for which they ask disposition and shipping instructions.

PRAGER CASE WILL GO TO JURY TODAY

Defense Rests in Trial of Men Charged With Lynching of Alleged German Spy—Riegel Repudiates All Statements Previously Attributed to Him.

Edwardsville, Ill., May 31.—The defense tonight rested in the trial here of eleven men charged with the lynching of Robert Paul Prager, alleged German spy, at Collinsville, April 6, after all defendants had testified in their own behalf.

The case will go to the jury tomorrow. It is believed the defense will attempt to prove Prager a German spy and it is thought the state's attorney will argue that each of the defendants participated in the lynching.

Joseph Riegel, the young coal miner and cobbler, who was reported to have made a confession to the coroner's inquest that he was the leader of the mob who prior to his appearance before the grand jury he was quoted as having made complete confession to a St. Louis newspaperman was the last of the eleven defendants to take the stand.

He flatly repudiated all statements previously attributed to him and described himself as one person in the crowd who counseled calmness. He urged Mayor Siegel, he said, to spirit Prager away. He asserted that he did not touch the rope with which the man was hanged, and did not see the lynching until the body had been lifted from the ground. On the way back from the scene of the tragedy, he said, some one handed him the farewell note of Prager which he delivered to the office of a Collinsville newspaper.

Prior to Riegel's testimony a clash occurred between counsel over disloyal remarks alleged to have been made by Prager. The defense sought to present testimony that Thomas Holt who was said to have heard Prager make remarks derogatory to the government and to President Wilson.

The prosecution objected to the jury hearing such testimony and Judge Bernreuter sustained the objection. He declared that even tho it was shown conclusively that Prager was a spy this should not provoke lynching.

Charles Cranmer one of the defendants admitted being at the scene of the hanging. He also said he had made notations at the top of the paper on which Prager had penned a farewell note to his parents in Germany.

Richard Dukes, Jr., described himself as being 22 years old, and as having a brother James dead in France, where he was fighting for his country. Dukes was to have left for an army camp on April 29 with a Collinsville contingent. He denied connection with the hanging.

HUNTOO BUILDING HAS NEW OWNER

A deed has been placed on record recently showing the transfer of the Huntoon building, 331 West State street, to Dr. C. C. Cochran, who came into possession of the property last night. While any special plans that Dr. Cochran may have have not been made known, it is understood that he will continue to lease the building for office and mercantile purposes. Part of the property was acquired by Col. Huntoon in 1880 and he purchased adjoining realty in 1884.

In 1904 he erected the present fine building that he has just transferred to Dr. Cochran. Col. Huntoon conducted a successful merchant tailoring business in the building for a number of years prior to changing his place of residence to Chicago. He said yesterday that he had moved into that building after having been a renter in the Ayers Block on West State street for a period of twenty years, during which he paid a rent bill of \$12,900. The Huntoon building was constructed of best materials and is in fine condition.

Our boys are rapidly learning
how to meet conditions in warfare
in France. The Germans recently
sent a dense volume of deadly
gases over the American trenches,
but failed in their attack and
there were but few casualties.

In Decatur, where they have
two coal mines, they seem to have
trouble in obtaining coal
than in many other places. The
mine owners refuse to deliver coal
except for cash at the scales. They
also require that "consumers pay
teamsters charges and that com-
panies are no longer responsible
for weights after the wagons have
left the scales." There have been
many protests, but city authorities
declare themselves powerless.

German soldiers have declared
they were fired on after they had
thrown up their hands and had
called "kamerad" in token of sur-
render. General Pershing, how-
ever declares that it has been an
overworked device of the enemy
to go thru the motions of sur-
rendering and just before the fire
they use it to kill some of our
men, a dirty trick to deceive and
kill.

Now is a good time to make a
close estimate of all expenses,
seeking those that can be elimi-
nated preparing for the increased
taxes the government contem-
plates. The American people will
obey orders cheerfully so long as
they can see that the money is
being used to help our boys win
the war.

THE BLUE AND THE GRAY.

The blue and the gray are fath-
ers of our boys in khaki, remarks
the Quincy Herald. "Their sons
are standing shoulder to shoulder
in the trenches over there, and
together they go over the top and
battle with their common enemy
and their country's foe. No longer
are they sons of the north and
sons of the south. They are Amer-
icans!"

"And their fathers, in blue and
in gray, are glad this day that
their sons are Americans of a
united America. America fights
for all that is best in civilization,
freedom, justice, humanity. So it
is that the few remaining veter-
ans of the civil war, those who
wore the blue and those who wore
the gray, are united in hope, co-

operating in effort, and one in
loyal endeavor to help these boys
in khaki bring freedom for all
forever."

AMERICA'S WARS.
America fought for freedom,
when she fought her first war—
freedom from the rule of a Prus-
sian autocrat who was then sit-
ting on the English throne. Amer-
ica fought for freedom in 1812.
She fought for freedom after
President Polk had attempted to
avoid trouble with Mexico in 1846
and after Polk had said to con-
gress, "Mexico has passed the
boundary of the United States,
had invaded our territory, and
shed American blood on American
soil." She fought for freedom of
a somewhat different kind in the
Civil War. Freedom was the
cause for America's getting into
the Spanish war, and "to make
the world safe for democracy" is
the reason for her being in the
present war, says the Peoria Jour-
nal.

There are hundreds of vital
differences between America's po-
sition in this present war and the
position of Germany. One vital
difference is that Germany is
seeking conquest while America
has at no time sought any selfish
gain. "Never for conquest, ever
for freedom" is America's slogan
now just as it has been since we
first established as a sovereign
people. "Conquest, conquest, con-
quest" is Germany's ambition
now just as it has been for forty
years.

RIPPLING RHYMS

WINNING THE WAR.

The things I do to win the war
are things I always did adore. So
give me credit, I beseech, for
loyalty that is a peach. I'd like
to mount a foaming steed and
charge the foe at frightful speed.
I'd like to ride an airplane above
the clouds that send the rain,
above the forest and the hill,
and drop some bombs on Kaiser Bill.
I'd like to walk a cruiser's deck
amid scenes of battle and of wreck.
But all such things are barred to me,
I may not fight on land or sea.
I may not garner glory overseas
because I'm fat and have the
heaves. And so I'm doing things
I hate, that I may keep my record
straight. I'm digging soil and
sowing seeds, and pruning vines
and hoeing weeds. I till the gar-
den and repeat, and there are
sandbars in my feet, that valued
footstuffs he supplied. I gather
thistles in my life; I grow the
bean and marrowfat. I'll win the
war or break a stat. I hope when
history is writ, and warriors who
did their bit are loaded with the
heroes' bays, there'll be some
mention of the jays who had to
do their stint at home, and grow
things in the fertile loam. I'm
doomed to raise my sparrowgrass
while younger men to battle pass,
so I will do it with a will, and
hoe my beets with wondrous skill,
and raise fresh rhubarb by the
keg; I'll win the war or break a
leg.

ROTARIANS HONORED
DR. HARKER FRIDAY

At Luncheon Yesterday Members
Paid Tribute to His Many Sided
Work During Past Twenty Five
Years—Young Women from
College Gave Surprise Program.

The weekly luncheon of the
Rotary club Friday night and the
program as arranged might be
termed a symposium of tributes to
Dr. J. R. Harker, who is just cele-
brating his silver anniversary as
president of the Woman's College.
W. L. Fay, vice president pre-
sided in the absence of E. J. Vaddell,
president. A phasing feature of
the program was the readings and
the musical numbers supplied
with both graciousness and ability
by members of the faculty of the
Woman's college and students.
Mrs. Florence P. Hartmann, with
members of the Glee club, sang
several times and Miss Constance
gave several readings with great
acceptance. Mrs. Hartmann was
assisted by Misses Margaret
Swinger, Pauline Kennedy, Jessie
Wall, Elizabeth McCord and Lailla
Skinner.

The delightful program of mu-
sic and readings was an entire
surprise to the club members and
Dr. Harker, in whose honor the
program had been arranged, was
the most surprised of all. T. W.
Callahan talked first, his theme
being "Dr. Harker as an Educator."
Then W. L. Fay considered Dr.
Harker as a citizen. H. M. Capps
paid him a tribute as a Rotarian
and E. E. Crabtree concluded the
symposium by responding to the
theme, "Dr. Harker as a Man."

A Many Sided Citizen.
The several speakers as the
subjects indicate, were able to
consider Dr. Harker from a vari-
ety of viewpoints and in each in-
stance they gave proof that thru-
out the past twenty five years
and more he had been a valuable
citizen of Jacksonville in a broad
way. He has measured up fully
with the responsibility and while
devoting his time and thought un-
reservedly to the institution for
which he is primarily responsible,
he has always found time for pub-
lic enterprises and it has always
been his thought that Jackso-
ville is his home and that Jackso-
ville can give him more pleasure than
its development and growth along
the best lines.

In responding to the various
sentiments expressed Dr. Harker
voiced his sincere appreciation of
the words spoken, and declared
that whatever measure of success
had attended his work at the col-
lege was in large measure due to
the cordial support that he had
received from his friends in Jack-
sonville and elsewhere. It is be-
cause Dr. Harker so early recog-
nized the fact that the greatest
need of the college was friends
that he has been able to make
such a splendid showing for the
college and to secure for himself
so large a place in the educational
world.

The meeting also gave oppor-
tunity for Rotarians to say fare-
well to F. H. Bode, who started
last night for his new home in
California. Members of the club
were one in expressing regret at
Mr. Bode's going and in the hope
of his ever continued prosperity
in his western home.

MURDER TRIAL

IN CIRCUIT COURT.
In the circuit court the trial of
Howard Finley was begun before
Judge Jones Friday. The defend-
ant is charged with the killing of
Oswald Jenkins last March. The
state's case is being presented by
State's Attorney Carl E. Robinson
and J. Marshall Miller is repre-
senting the defendant.

The killing occurred at a resi-
dence on North Sandy street, prob-
ably as the result of a drinking
party. Finley, who has not yet
been on the stand, it is under-
stood will make self defense. The
jury hearing the case is constitu-
ed as follows: James Tribble, W.
C. Hart, Chris Henze, Edgar

ACADEMY EXERCISES
AT WOMAN'S COLLEGE

Diplomas Presented to Class of
Eleven—Pres. Harker Mauc
Address.

The academy graduating exer-
cises took place at Illinois Wo-
man's College Friday night in
music hall with a large company
in attendance. The program was
one which fully demonstrated
the excellence of the work done
during the past and preceding
years. The literary and musical
numbers were both of high
order.

The certificates were presented
by President Joseph K. Harker
and his words teemed with ad-
vice to the young women which
is well worth while whether or
not they continue with their edu-
cational work. The speaker em-
phasized the point that the com-
pletion of an academy course
can by no means mean the end
of learning for young women in
the class, but in reality was the
beginning of a wider field of "ad-
vancement or of activity." Edu-
cation brings with it responsi-
bility and those who are fortunate
in taking academy and college
courses have larger duty to
perform in their relation to so-
ciety that is true of young peo-
ple who do not have the same
educational opportunities.

Dr. Harker urged the young
women in the class to bear in
mind the fact that the highest
standard of living is service and
that education only works while
which touches that service
is one of the greatest
things in the world. President
Harker also emphasized the
necessity of all round educa-
tion pointed out that real educa-
tion must take into account the
mental, moral and physical de-
velopment of the student. Below
is the program with the names
of the graduates.

the undersigned, administratrix of
the estate of William T. Thomp-
son, deceased will on the 23rd day
of July, A. D. 1918, at the hour
of two o'clock P. M. at the south
door of the Court House in Jack-
sonville, Illinois, sell at public
vendue the following described
real estate, to-wit: The south
two-thirds of Lot Five (75) in
Block Three (31) in Lorton and
Kedzie's Southern Addition to
Jacksonville, except Forty (40)
feet off of the north side thereof,

TO HELP THE FARMERS.
F. J. Englaub, local freight
agent of the Wabash road, informed
that a Journal reporter last evening
had he devised a plan by
which the farmers might get a
little assistance of a kind and at a
time when it would be very valu-
able. He says there are seven
men in his building who quit at
5:30 p. m. and if autos were on
hand to transport them they
would gladly go to the harvest
field and shock wheat as long as
they could see if brought back
again. They couldn't stand a
week in the sun but by this
means they might be of consid-
erable use to farmers having grain
to shock. Who will do the same?

ARRIVAL FROM THE EAST
W. B. Riddleberger of Wash-
ington City was in Jacksonville
yesterday representing the Walk
Over Shoe Company and calling
on Hopper & Son. The gentle-
man said his father was in the
Confederate army and was in
both battles of Bull Run and with
the exception of ten months a
prisoner at Camp Chase, Colum-
bus, Ohio, he served all thru
the Civil War and the only
scratch he received was a slight
abrasion of his right thumb in
the last Bull Run engagement.
Like most other ex-confederates
he was glad his cause failed for
a united nation is by far the
best.

SIXTY-TWO RECEIVED
HIGH SCHOOL DIPLOMAS

THE GRADUATING EXERCISES
WERE HELD FRIDAY NIGHT

Dr. R. N. Miller of Chicago Uni-
versity Delivered An Unusually
Fine Address—Challenge of De-
mocracy Furnished Theme for
Review of the War—Supt. Per-
rin Presented Diplomas.

Another year of school work has
been completed in our city and a
class of 62 young people have re-
ceived diplomas entitling them to
all the honors pertaining to grad-
uates of Jacksonville high school.
The graduating exercises took
place in the gymnasium of the
city and were held in the pres-
ence of an audience that taxed the
capacity of the place to the ut-
most.

The exercises throughout were
of a high character and were thor-
oughly enjoyed by all present.
Beautiful house plants adorned
the stage and flags of three na-
tions were displayed. Miss Mabel
Wyatt favored the audience with
two piano solos and then came the
invocation by Rev. E. B. Landis,
pastor of Westminster church. A
double sextette number followed.

**Song of Deliverance (S. Cole-
ridge Taylor); Khaki Sammy**
(Carpenter)—Elizabeth Cogswell,
Josephine Conboy, Mary Floreth,
Hilma Franz, Helen Whitmer,
Katherine Parker, Clara Smith,
Edward Baptiste, McKendree
Blair, Clifford Carlson, David
Gustafson, Lindley Williamson;
Accompanist—Mabel Wyatt.

Then came the event of the
evening, an address by Dr. Ray
Norris Miller, of the University of
Chicago on "The Challenge of De-
mocracy." It was one of the most
masterly and able addresses ever
delivered in our city and deserves
a far more extended report than is
possible. He said in part:

A War of Ideals.
"We think much today of the
basic principles of democracy.
The days make me almost pes-
simistic and yet it may be well for
an easy going optimism which
calmly says all is well and no dan-
ger is unsafe. We should avoid
extremes and take a serious atti-
tude toward life and hope for the
best in the future. The great war
is one of ideals. Germany holds
ideals wholly at variance with our
own. She stands for a military
autocracy in which the people are
not all considered for the rulers
are wholly concerned for them-
selves. The allies are fighting
for democracy. In England,
Italy and Japan the royal person-
ages have very little to say and
the time is coming when even they
will have to step down and out."

"We must calmly face the inevi-
table. We are up against the
greatest military power in the
world. The best equipped and
drilled and educated for war.
America has ever stood for the
weaker and has sought ag-
grandisement. The world cannot
live part autocracy and part de-
mocracy. The war must be fought
to a finish. I do not think it will
be ended in less than three to five
years. This is not like the Span-
ish and Mexican wars and we
must realize the magnitude of our
task."

"Germany is stronger today
than she was four years ago for
she has gained much by looting all
manner of sacred places; all
towns and establishments where
there was anything of value; she
has been the shameless robber of
Europe. She has lost her soul and
asks only how to win utterly re-
gardless of the means."

For Mankind
"The wars in which this coun-
try has been engaged have been
for the right and betterment of
mankind. We did not seek this
war but were forced into it and
the marvel is that we didn't get in
sooner. Had we listened to T.
Roosevelt we would have been in
it sooner but I don't know whether
for the best or not. At the be-
ginning I admit I did not favor
the war. My ancestry is largely
German and my wife's maiden
name was Glick but I studied the
subject deeply and came to the
conclusion that we could do noth-
ing else. I marveled that I didn't
come to that conclusion sooner."

"America did herself credit
when she engaged in the conflict.
I am an American from the crown
of my head to the soles of my
feet. Every atom in me is for my
native land. Let us look fully in-
to this matter and we shall be en-
thusiastically for the war. This
is no time for any hyphenated
American, no matter with what
nation his name is linked."

"Let it be understood too that
we are at war with the whole of
the German nation. Even our
president who is generally right
on most questions was wrong
there. We are contending with
every man, woman and child in
that nation. All are taught to be-
lieve that the kaiser is the vice
regent of God. They worship the
very ground trodden by their
leaders."

"The kaiser had his program so
he called the scholars and writers
before him and demanded that
they, in all their writings and
teachings indorse his plan fully or
lose their heads; he called the
preachers before him and told
them their salaries came from the
state and they must preach for the
kaiser or starve and so they went
back on the teaching of that grand
and glorious man, Martin Luther,
sold themselves for gold and spoke
for the king. The school books
were taken in hand and war, ad-
vantage for the kaiser and all he
stood for was taught and were
nation wholly subservient to the
great power."

Two Classes in Germany.
"There are two classes in Ger-
many: The Alpine, round headed,
slow of perception, brutal in in-
stinct, subservient to leaders;
and when once an idea gets into
their heads it evaporates slowly.
Von Hindenburg is of this type,
cold, bloodthirsty, a beast of prey
and murder. These form some 80
per cent of the people. From the
other 20 per cent we have most of
the people who have come to our
shores. They are the rulers of

Germany. They are of a higher
type of intellect and rule with a
rod of iron."

"Nearly 25 years ago the em-
peror called his leading business
men, military leaders and all to-
gether. He said they made small
gains from business but he had a
plan which would make 100 per
cent profit and more. He wrote
out his program and I have seen
it. His plan was national robbery
and it was grand. He coolly de-
clared that they must stop at noth-
ing; any kind of barbarity would
be sanctioned. The soul of the
nation was sold for gold. He told
how they would take Russia, Bel-
gium, Roumania, the valley of
Mesopotamia and Bagdad. The
treasures and works of art in
France would be theirs. They
would cross the channel and take
London. Then, with the ships of
the world at their command they
would come over, take Canada,
bring troops from north and south
and within three months after
starting the flag of Germany
would be floating over Washing-
ton City. That brutal nation must
be brought to its knees."

Boundless Cruelty.
They stop at nothing cruel and
barbarous. A letter found on the
body of a soldier said they had
taken a French town, had stood
up the old women and children
and shot them. He had carried a
baby writhing on his bayonet and
had shot many more and was hav-
ing the finest sport of his life."

"A German spy proved to have
been a professor. He was sen-
tenced to be shot. He slept the
night before without waking,
calmly ate a hearty breakfast, even
joked about his execution and
with a smile said he gladly died
for the kaiser, the vice regent of
God. The kaiser tells his soldiers
to kill and murder as commanded
and in the day of judgment no
questions will be asked."

"Our sword must not be sheath-
ed till that vile autocracy is
brought to its knees no matter
how long it may take. The loss
of life will be terrible but the vic-
tory must be made. Victory for
Germany would be too horrible to
contemplate. Think of what they
would do to us as they have done
to conquered ones abroad."

"But we shall not let Germany
win but we shall fight till in all
the world is established the prin-
ciple enunciated by Lincoln that
government of the people, by the
people and for the people must
not perish from the earth."

The admiral's address was
heard with greatest interest and
many times applauded.
Then comes a vocal duet. Near-
est and Dearest (Luigi Caracciola);
Love is Such a Funny Thing
(W. Rhys Herbert)—Hilma
Franz, Lindley Williamson; ac-
companist, Mabel Wyatt, after
which with a few well chosen

Here is Speedy Relief From Kidney Troubles

"Foley Kidney Pills have done me a heap of good." A. T. Bartlett, Brockton, Mass.

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder trouble. The ache across your back grows worse with every move you make, and with every step you take. It not only robs you of all your strength and energy, but it affects the other important organs of the body as well.

Nervousness, headache, disordered stomach, liver trouble, bad eyesight, are only some of the conditions that follow kidney trouble.

Foley Kidney Pills help the sick weak kidneys to regain their normal healthy state and activity. When they are again able to do their work effectively, your system is no longer choked and blocked with poisonous waste matter.

Your symptoms clear up, your weariness, pain, misery and weakness go away. Foley Kidney Pills can do you also "a heap of good."

TIRED, DRAGGY WORN - OUT

Texas Lady Thus Describes Condition She Was In. Then Tells How Cardui Relieved Her

West, Texas.—Mrs. J. A. Hunter, of this place, recently made the following statement: "I have known of Cardui for years—when a girl, my mother gave it to me to stop pains . . . and it certainly did me a great deal of good."

After marriage I was in a run-down state of health and nervous, not at all like my usual self . . . so much so that I had to go to bed. I began taking Cardui . . . soon I was strong, able to do my work, even my washing.

I have been well since . . . I can recommend Cardui and gladly do so . . . Whenever I over-work and feel tired, draggy, worn-out, I take a few doses of Cardui. It strengthens me, gives me an appetite, seems to strengthen my back, and I soon feel like going to work again.

I think all women should keep and use Cardui. It is splendid."

If you are suffering from any of the symptoms Mrs. Hunter mentions, try Cardui, the woman's tonic.

In use for over 40 years, Cardui has helped thousands of women.

Cardui is composed of mild, medicinal vegetable ingredients, acknowledged by standard medical writers to be of benefit in many female disorders.

ROUTT COLLEGE HIGH GRADUATES CLASS

Literary and Musical Program Given—In Excellent Address Father Formaz Presented Diplomas to Class.

The graduating exercises of Routt college high school were held Friday night in the auditorium of the college. The audience including friends and relatives of the graduates, was of a size which filled the room. The platform was massed with palms and there were patriotic decorations draped from either side of the handsome service flag. The program was one of merit both in a literary and musical way. Rev. Father Formaz and Rev. Father Sloan sat on the platform with the graduates, seven in number.

At the conclusion of a song Rev. Father Formaz awarded the diplomas and at the same time he offered words of advice which the young people in the class will not likely soon forget. The speaker emphasized the fact that no education is worth while which leaves out the moral factor. He said that, after all, character development is the really important thing in life. For the growth of character, Father Formaz said that he can conceive of no better place than the institution where the class and the audience were there assembled.

The Value of Character
The speaker said: "It seems inconceivable that too often happens that young people, forgetful of the advantages of an education or of what real character development means, give up their educational chances because of the alluring opportunities to take positions which promise lucrative salaries. If young people could but realize what real character development, and so real education, will mean to them in after life they would be willing to make any sacrifice to go on with their educational work."

Father Formaz as he handed the diplomas to the graduates said that the diplomas meant nothing unless the recipients had worth while characters. He declared that there were men and women in the world who had never had their educational advantages—possibly some who could not even read or write—yet who because of spiritual and character development were really better men and women than the graduates or the speaker. Father Formaz urged the members of the class to be faithful to the tenets of the Catholic church which had withstood the test of so many centuries, and he said that if they were faithful to their church thru all the years that there would be no question about their success or their worth.

The address was extremely practical and helpful both to the graduates and to those in the audience.

At the conclusion of this address the audience stood and joined in the singing of the Star Spangled Banner. Father Formaz announced that the graduating exercises of Routt college would take place Sunday night with an address by Dr. F. X. McCabe of Chicago.

This was the program:
H. Trovatore.
Song.
"Women and the War"—Helen Donovan. (Salutatory.)
"Class History"—Joseph Costello.
Class Poem—Mary Cosgriff.
Class Prophecy—Martha Dobson.
Song.
"Class Song."
"The Power of a Human Word"—William Hook.
Class Will—Loyola Dowling.
Song.

"Class Song."
"The Catholic Church and the War"—Ralph Sacher.

WOMAN'S COLLEGE NOTES.

By special ruling of the faculty the students of the college were enabled to participate in the Memorial day parade Thursday afternoon. The examinations falling on that afternoon were postponed until Saturday.

A number of official delegates and other guests are expected for the twenty-fifth anniversary exercises here commencement week.

Special attention is called to the recital given by the Department of Expression Saturday night in the new gymnasium. This will be of unusual interest. It will include two short plays one written by Miss Louise Reed and the other a play given by the Academy class in expression. Admission is free and all friends are cordially invited to be present.

The exhibit in the Home Economics department is of special interest this year; much more than in ordinary years. It will feature in the food drive, wheatless bread, cake and pastry. All friends interested in how to save wheat and yet at the same time have good wholesome substantial food should by all means see this exhibit.

In the Household Arts department renovated hats and remodeled gowns as well as those made from new material will be on exhibition. The food exhibit is open only from two to four on Saturday afternoon while the styleshow will be open at 2 o'clock on both Saturday and Monday.

The styles will be shown on living models. It is hoped that many of the friends in Jacksonville and vicinity will avail themselves of the opportunity to learn what can be done to assist the government in conservation of food and clothing. Admission is free to both these exhibitions.

Baccalaureate services will be held at 10:45 in Centenary church. The official visitors and guests will assemble in the college corridors at 10 o'clock to march to the church.

Hats, caps, underwear and warm weather clothes at Knoles'.

EXEMPTION BOARD NEWS

Two decisions on appeal cases were received at the office of the local board yesterday from the district board at Springfield. Both cases were appealed on dependency grounds and the former decision reversed. Miss Aye, 231 Howe street and Ralph Cowgur, both of whom had been placed in Class A-1 were placed in Class 4-A by the district board.

In response to a telegram received Thursday asking information regarding the available men in Class One, the local board yesterday wired Major Smith at Springfield, as follows:
Major June C. Smith,
Springfield, Ill.

The following have been examined and qualified for general service. Sixty nine married men, two hundred and twenty five single men not farmers; twenty three cases pending; all white. Nine married men and forty five single men all colored. We have eighty two cases which on special instruction of the district board have been put in Class One J. They are married men without children and have not been examined. Seven of these are colored and seventy five white.

Word was received at the office of the local board, Friday from General Bates, commandant of the "Fourth Officers' Training Camp, requesting permission to enter Mahabata Stewart in the officers' camp for colored officers. Stewart is one of the brightest young colored men of Jacksonville a graduate of the Jacksonville high school, and will without doubt acquire himself with credit in the contest for a commission at Camp Grant.

The transfer of mobilization of two Morgan county registrants have been arranged. Roy Evans Hill of Buffalo New York will be sent to camp from that city and Vincent Vieira will enter at Pocatello, Idaho.

AT NORTHWESTERN

Invitations have been received in the city for the annual reunion of the Northwestern University Medical School Alumni Association. Dr. C. E. Black of this city is president of the association and other members of the association here are Doctors Baker, Norris, Stacy and several others. The meetings this year will include several clinics and will be held June 5th to 11th. On June 10th the annual meeting and smoker will be held at La Salle Hotel.

DEATHS

King.

Brief mention was made yesterday of the death of Edward Murray King, at the hospital in Springfield, Mass. He was a son of Edward J. and Ida V. King and his period of ill health extended from last November until the time of his going. His condition was critical for a period of two weeks and the news of his death was not unexpected by those who were familiar with his serious condition. Mr. King was born in this city and after attending the public schools was a student at Whipple academy and Illinois college. After leaving this city about eighteen years ago he lived for a time in Memphis, Tenn., later in Hammond, Ind. and then for a time was resident in Chicago. The past six years he has been with the Fisk Rubber Co., of Chicopee Falls, Mass.

In his business character and his private life Mr. King was a man who had the high estimation of those who knew him well. He was a well, read, broad-minded man and the news of his death was received with great sorrow not only by his relatives but by a large number of friends. The deceased is survived by his sisters, Misses Mabel M., Marian and Sarah Dwight King of Chicago. The remains will reach Jacksonville this morning from the east, accompanied by his sister, Miss Mabel M. King, and his cousin, Miss Kathleen Easter. Funeral services will be held at the old King home, 421 West College avenue, this afternoon at 2:30 o'clock.

WAR SAVINGS TALK AT MURRAYVILLE

The War Savings Stamp meeting held at Murrayville Friday evening was fairly well attended and was a decided financial success. The gathering was held at the school house. Addresses were made by Hon. J. J. Reeve of Jacksonville and Rev. R. B. Wilson of Jacksonville. Music was furnished by a ladies quartette composed of Mrs. Short, Misses Mildred Wright, Floreca Short and Stella Cunningham. A total of \$3,940 was pledged during the meeting and two names added to the war savings stamp maximum club Mrs. J. E. Osborne and the Murrayville Bank purchasing the maximum.

SEVEN BACK FROM CAMP SHELBY

A number of Jacksonville boys who entrained last week for Camp Shelby, Hattiesburg, Miss., returned home Friday. They were unable to pass the physical examination for one cause or another and naturally were greatly disappointed. The group of men who returned to Jacksonville or to their homes elsewhere included John Kilian Hume, Whitacre, Freling Gordon Phil Pooling, Otto Rapsilber, Michael White and Fred Gaddis. The men state that it is exceedingly hot at Camp Shelby now and some drilling is done in the very early morning hours instead of the middle of the day. The camp equipment is of the highest class and everything is in fine sanitary condition. A number of the men are somewhat under the weather as the result of their typhoid inoculation and vaccination. Mail will reach the men at Camp Shelby if addressed to Detachment Camp Recruit Company 9, Camp Shelby, Miss.

FROM COUNTY AGENT'S OFFICE

Volunteers for Farm Work.
The state administrator of farm labor has offered to send a special representative to this county to assist in getting volunteers signed up for farm work. This representative is an employee of the U. S. Department of Agriculture and would plan with the local authorities for this canvas. It is believed that clerks, waiters in restaurants, and men in other lines of work, will sign up for a few days farm work during the busy season. Employees will be asked to fill the places with women and girls while the men are thus employed, and not allow such clerks to lose any prestige they may have in business by reason of such absence.

Surplus Seed Corn.
As fast as farmers finish planting their corn, they have been telephoning to this office any surplus of seed corn they have left. In several cases this has helped some other man who did not have enough. This is certainly the neighborly spirit that any one likes to see in any community.

Threshing Committees.
M. F. Dunlap, as county food administrator, has been asked to appoint a threshing committee to see that the machines are in condition to handle the crops. A representative threshingman has been made a member of this committee, and every effort will be made to see that everything is in readiness for the things for the crop of 1918.

Binder Twine.
The local price of binder twine is reasonable, considering the cost of materials. It will not be any cheaper. Farmers all are urged to get their supplies home without delay. A redistributing of binder twine in the hands of dealers might seriously inconvenience the man on the farm who does not have his supply.

Pig Clubs.
One of our breeders of purebred hogs last year sent fifty pigs to a bank in Arkansas. These were supplied to boys enrolled for pig club work. That work has not been started in this county, yet it is a line for work that will undoubtedly prove valuable here.

Honey and Sweet Clover.
The United States Department of Agriculture requests farmers and road workers to allow sweet clover in waste places to stand while it blooms. This plant makes excellent bee pasture. A good supply of honey will make the sugar last longer.

SEED CORN

I still have some 1917 Reid's Yellow Dent on hand and another shipment coming by express that has never shown a test below 95 %

Social Events

Ladies Aid of Church of Our Savior Met with Mrs. Sutter.

The Ladies Aid Society of the Church of Our Savior met Wednesday afternoon with Mrs. John Sutter of Sandusky street. There was a large attendance of members. After a business session the members spent the time in arranging the stars on a large service flag which is to be presented to the Church of Our Savior at an early date. The flag contains 62 stars with others to be added. The mothers, wives and sweethearts were given the opportunity to pin on stars and then various ladies stood sponsor for boys who had no relatives present. There was much patriotism displayed and a number of talks were made by the members pledging earnest support to the government in war endeavors. The next meeting will be held with Mrs. Eugene Ball, 603 West College street.

Entertained Illinois Seniors.

The Senior Class of Illinois College was entertained at supper Friday evening by President and Mrs. C. H. Rammeikamp. Were it not for the fact that the majority of the young men of the class are today in the nation's military service, the 1918 class would be the largest ever graduating from the institution. Nineteen members of the class are to receive their diplomas this year, twelve other seniors being now in the army, navy or marine corps. The supper was served on the south porch of the president's house. After the delicious supper arrangements were made so that every one wrote a brief note to each of the class in military service. Ralph Newell who was to have left the city recently with other national army men but was detained on account of illness, was present last night. In addition to the students, the guest list included Dean and Mrs. Hayden and Mrs. Minnie M. Foster.

FUNERALS

Hedges.
Funeral services for Mrs. Nancy J. Hedges were held from the Old Peoples home at 2 o'clock Friday afternoon in charge of the Rev. Myron L. Pontius. Music was furnished by Miss Cora Graham and Mrs. Campbell. Burial was in Diamond Grove cemetery, the bearers being Messrs. Martin, Simms, Coleman, Carroll, Mason.

Funeral services for Mrs. Lucy King Mason were held from Central Christian church Friday at 4:30 o'clock in charge of the Rev. Myron L. Pontius pastor. There was a large gathering of friends to pay a last tribute to the memory of the deceased. Burial was in Diamond Grove cemetery.

DECORATION DAY NOTES

The Decoration Day parade was still the theme of conversation yesterday and many were the compliments that the various committees received for the excellence of their work. The people were of the one opinion that so splendid a parade had never before been given in Jacksonville. It was so because the spirit of the people and because of the continued interest of the committees. They not only outlined their work but followed it up so that there would be no disappointment on the day set for the parade. The following committee chairmen are deserving of great credit for the success of the day's program:

L. B. Turner, E. V. Bassett, H. A. Perrin, J. G. Ames, A. C. Metcalf, D. E. Sweeney, M. L. Pontius, F. J. Waddell, F. J. Andrews, G. T. Douglas, W. A. Fay, Fred Darr, C. E. McDougall, John Vasconcellos, Jas. Swales, Ernest Grassly, H. J. Henderson, W. O. Wait, Howard Zahn, Wm. Benson, Lloyd Reid, Wm. Suhay, E. E. Gary, Miss Inez Cumming, Miss Ella Minter, Miss Bess Newman, Mrs. Anthony Becker, Mrs. J. W. Hubble, Mrs. Keith Montgomery, Chas. McHatten, Walter DeShara, Edward Aldrich, Wm. Babb, C. T. Mac Vicker, Howard Smith, H. M. Hopkins, Miss Irene Hadden, Miss Alma Mackness.

The Morgan county war savings committee received a large amount of printed matter suitable for automobile decoration. These things are available for all automobile owners but comparatively few people called at the office to secure them. As the "stickers" are still available and constitute desirable advertising for both Thrift Stamps and War Savings certificates, the committee hopes that many auto owners will still call at the office in the Morrison building and secure them. The general committee had secured three additional bands for the parade from various towns in the county but from one cause or another these organizations were unable to take part in the day's program.

The aeroplane promised for the parade did not appear off the public square because there was not sufficient space on shaded streets. The wings of the aeroplane stretch out a distance of thirty feet and it was impracticable to have it drawn thru the streets. However, a great many people were interested in examining this aeroplane in its location mounted on a truck on the west side of the public square.

In the reference to the Illinois college service flag which had such a conspicuous place in the Decoration Day parade it should have been stated that the flag shows 1669 stars.

One of the floats in the parade which greatly deserved especial mention was that prepared by the Knights of Columbus. This float immediately preceded the large delegation of the Knights of Columbus. There were twenty four beautifully dressed children on this float, each representing one of the allied nations. It was impossible to secure flags of all the nations so that the committee which arranged the float faced the difficult task of making these emblems, but they accomplished excellent results. The float represented a vast amount of work and was one of the most artistic in the great pageant.

Catarrh is a Real Enemy

and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your catarrh you may succeed in un-stopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the wind, and get on the right treatment. Go to your drug store today, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.—Adv.

"With the Colors"

Letters of Interest from Jacksonville Boys in the Country's Service.

Letter from Lewis Kennedy.
The following letter from Lewis Kennedy to Mrs. Elizabeth Johnson, of the force at Herman's, has been kindly loaned the Journal:
Camp Dix, N. J.
May 28, 1918.

Dear Mrs. Johnson:
Being this is a cloudy and rainy day and I have nothing to do, so I thought perhaps you would enjoy a few lines from me. I am well and getting along just fine. I got all three of my inoculations and I am glad of it. I got the last one last Friday. There has been a lot of new fellows come in the last few days and it is a sight to see them going around swagging their arms to keep them from getting stiff. I had to go thru the same thing when I first got here. They get a vaccination and inoculation the first thing when they get to camp and I tell you it makes your arm pretty sore for a few days. My right arm is a little sore yet from that last inoculation.

Details of Trip.
I guess I will write you all about my trip. I know you will like it.

We left Decatur on a Pullman special of twelve cars and all of us Morgan county fellows had the last car of the train to ourselves and say we did have one grand time and when we arrived in Danville there was a awful big crowd at the station and one fellow went along the side of the train with a case of oranges on his shoulders and each of us fellows captured ourselves some. I got 5 or 6.

We arrived in Fort Wayne, Ind., about 9 p. m. and were transferred to the Pennsylvania Railroad and had supper about 10 o'clock and went to bed and I never woke up until we were past Canton, Ohio, and say there were some pretty sights along the line and we passed all kinds of steel mills and saw foundries along the river going into Pittsburg and say Pittsburg is some large city. We entered over the elevated railroad so we passed all kinds of office buildings and we waved at all the girls we could see; and talk about smoke, I never saw so much in all my life and when we reached the station there was a train load of Jackies there on their way to France and the Red Cross ladies handed us candy, post cards and everything good to eat.

A few hours later we were on our way thru the mountains and talk about sights, they are grand and just before we reached Altoona, Pa., we went around the famous Horse Shoe curve and could see thousands of feet down the mountain sides, and I felt that train ever jumped the track a fellow sure would get some tumble. We passed the Pennsylvania Railroad shop at Altoona and they were some big shops, about 12,000 men work here they say. We passed thru Harrisburg, Pa. (my father's home) about 5 p. m. and we got some more eats and every division point along the railroads we passed the little switch engines sure gave us a grand send off with their whistles. We passed thru North Philadelphia about 9 p. m. and arrived at Camp Dix about 11 p. m. May 2nd, 1918.

Real Trenches.
Tell all the girls hello for me please, and William too.

Two or three Saturdays ago I went over to see the trenches, another fellow and I and I can say I have been in the trenches whether I ever get to France or not, and one place in the trenches we ran across a dugout and this fellow ran down in it to see what was there and I tell you he came out faster than he went in because he ran into some trench gas down here. The next day we went over to see the artillery and say they are some big guns.

Well, Mrs. Johnson I must say that razor is a dandy. I wouldn't part with it for anything, and the watch is same as ever; keeps good time and I sure do think lots of it.

We sure do have some nice pictures at the Y. M. C. A. every night. Last night we had a picture "Charles Ray" in "The Hired Man" and it was great.

I was in the kitchen again last Wednesday and got out of it pretty easy this time; it was the worst time since I have been here. I will be home on a furlough about the first of September if I am in Camp Dix then, and I can have a great time when I come home because I am going to take the fastest train on the Pennsylvania Railroad from Philadelphia to St. Louis.

This is all I can think of now.

So you can imagine how they feel. Some of the boys put them on and a few got after them with one broom, maybe you think we didn't have a time. Ha!

How is everybody around home? Is it wet and rainy or is it dry? I guess it is pretty wet, isn't it?

I guess everybody is thru with their complaining by now?

Is Papa thru? How does the wheat look? It sure seems nice to see some blue grass come more it can't quite as hot as it was at Camp Logan and the camp here is not nearly so nice as that I guess the reason is that nobody is here long enough to fix it up any.

We were to hear Gov. Lowden speak the other day, sure some address.

Well, I am sending you a service pin, but I could only get it with one star, I wanted one with the two stars but I couldn't get it.

Well, I must close for this time. With love to all. My address will be:

Earl J. Myers,
Battery A, 124th U. S.
Field Artillery,
A. E. F., c/o Postmaster,
New York.
P. S. Jesse and Orville are sure feeling fine as well as myself. The change was sure good for all of us.

Norfolk, Va.
May 26, 1918.

Dear Home Folks:
I am feeling fine and hope this finds you the same, only the mosquitoes they are sure some fierce down here, these up home are baby's sure to what these are down here. They are also pretty plentiful. Ha! Ha! We have a nice sea breeze here it gets cool here at nights, but is real warm in the daytime. Well I want to tell you that I will long remember my birthday as I qualified as a sharp shooter that day I am now after the expert rifle man. I sure want to pass in that and if I do want to pass the "ex" for coacheer, I am just "raring" to go across but that is all the good it does now. Ha, Ha!

We came over to Norfolk last night and are going back this afternoon.

Tell father I am looking for him over any time. Now in the Ford, I suppose mother drives it every where she wants to go by this time. Ha! Ha-or does it still have fits.

Well we have been laying submarine cables for a while now we have laid 9,000 feet. We see all kinds of ships passing. Some launches also, Nice riding, too, Ha! Ha!

I suppose the most of the young men have left Litter by this time. I saw a shark that was washed ashore the other night after the storm that measured 15 feet.

So you can imagine how they feel. Some of the boys put them on and a few got after them with one broom, maybe you think we didn't have a time. Ha!

How is everybody around home? Is it wet and rainy or is it dry? I guess it is pretty wet, isn't it?

I guess everybody is thru with their complaining by now?

Is Papa thru? How does the wheat look? It sure seems nice to see some blue grass come more it can't quite as hot as it was at Camp Logan and the camp here is not nearly so nice as that I guess the reason is that nobody is here long enough to fix it up any.

NEW YORK TAKES TWO OUT OF THREE

Young's Single With Bases Filled 1st. Philadelphia 2 to 1. Niehoff Breaks Leg—Pittsburgh Wins from St. Louis.

Philadelphia, May 31.—Young's single with the bases filled in the fifth won today's game for New York 2 to 1, giving them two out of three for the series.

Zimmerman's three base wild throw started a local rally in the ninth. Pinch Hitter Adams and Meusel hit singles, but Sallee tightened up after Cravath drove a liner into the bleachers that was foul by not more than two inches.

Young and Niehoff collided in the first inning while chasing Williams' fly and the New York second baseman had his leg broken below the knee.

CORNELL LEADS IN INTERCOLLEGIATE

Philadelphia, May 31.—Cornell came thru true to form today in the preliminary trials for the championship of the intercollegiate association of amateur athletes of America today, the finals of which are to be held on Franklin Field tomorrow. The Ithacans qualified sixteen men in the eleven for which trials were held today and no time were any of their men pushed to the limit to get a place in the finals.

PURSE INCREASED AT LOUISVILLE

Louisville, Ky., May 31.—Twelve horses are carded to start at Douglas Park tomorrow in the Kentucky Handicap for three year olds and over at a mile and a quarter for a purse of \$10,000 added money, making it worth approximately \$15,000 to the winner. Horsemen pronounce the field the most uniform in quality in the history of this race. It includes Cudgel, crack son of Dromstick which will carry top weight and go to the post the favorite ridden by L. Lyke, under the colors of J. K. L. Ross, Canadian turfman; R. L. Baker's King Gorin, last year's winner, his Pif Jr., which established a new American record here Wednesday for a mile and seventy yards on a heavy track.

CAPTAIN HARMON PROUD OF TEAM

Sends Letter of Congratulation Thru President Rammelkamp to Track Team for Winning at Peoria—Recalls Other Days.

When Capt. W. T. Harmon stationed at Camp Grant learned of the victory of Illinois College's track team in the Little Nineteen meet at Peoria he sent a letter of congratulation to the team.

Capt. Harmon was for many years associated with Illinois as student, athlete and coach. He knew all of the men personally and was pleasantly surprised at the showing they made. He recalled other days on Bradley field when Illinois college walked away with the honors. His letter is given herewith:

Company G, 344 Inf. Camp Grant, Ill. May 26, 1918.

Dear President Rammelkamp: When I returned to my quarters last Monday night at 9 o'clock after a day of field maneuvering, I found your telegram awaiting me. On Sunday I had scanned the Chicago papers trying to find the result but the only thing reported about the "Little Nineteen" was the whirlwind fashion in which the Bradley golf players had swept the field. After I had received your message and later had read the Journal it occurred to me that perhaps the reason why Bradley had not reported the meet was because they didn't know they had been in one. The score seems to confirm this view. Or, perhaps they had not yet recovered from their bewilderment caused by seeing a real team in action.

I decided that a message to the team would reach the campus too late for the Monday night celebration but from what I have heard I judge a message would have been in order most any time during the night.

Lieut. Gibson, a former Millikin student, has quarters in the same barracks. I called him to my room last Wednesday and told him Illinois and Millikin had just competed in a track meet. After reading the Journal clipping he stated that it seemed Illinois must have had a meet all to herself.

Sixty-one points is the highest number ever scored by a team in this annual meet. A remarkable fact is that this overwhelming score was piled up by a team composed of athletes who had never won a point in this event. Every man in the list, except Langer, was in school last year. Hence, I knew something of their ability.

Of course I expected Ed Tomlinson to show his heels to them all in the hurdles but did not know his ability in high jumping. I felt that Wells would make good if he persevered and I had faith in Daigh. What surprises me most is to see that Underwood, who was

considered a fast ice-wagon a year ago, led them all to the tape in the mile and won third in the half mile; that that young prep, Cully, should win the broad jump and place in the low hurdles; that Shoemaker should make good to such an extent that the man who beat him had to break a record to do so; that Bronson, who had always been shy of track suits should develop into a winning relay team runner; and that Whisler could forget base ball long enough and store up sufficient energy to run two successful 440s in one afternoon.

To win first place in 8 events, tie for first in a ninth, to score in all but one event, and to score twice in 8 events, shows the power of the team and displays the team work spirit which all the men must have possessed. Hill, Dunscomb and Langer did not win first but their efforts contributed materially to the final result which is a magnificent victory.

Thru you, President Rammelkamp, I wish to express my hearty congratulations to the members of the team and to let them know that I am very proud of their victory.

Memory carries me back to the stirring scenes on Bradley field in 1914 and 1915. Last Saturday's contest takes its place alongside the contests of those two years. May the field see a repetition of those scenes next season. I believe the boys can do it.

With best wishes for the continued success of all teams and for the welfare of the dear old College, I am

Sincerely yours,
William T. Harmon,
Capt. 344 Inf. R. C.

A Purposeful Formula

Senreco's formula is not "just a little of this and a little of that." It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal desired, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—50c.

FUNERAL SERVICES FOR HARRY OAKES

Was Held Friday Afternoon in Charge of Rev. Scott Peak—Dedicate Bluffs Community Service Flag.

Bluffs, May 31.—One of the largest funerals ever held in the community was held over the remains of Harry Oakes at the home of his father, Henry Oakes at 2 o'clock Friday afternoon. The beautiful and impressive service was in charge of Rev. E. J. Rees and Rev. Scott Peak of Exeter. Harry was a useful man, a business man of the community who numbered his friends by the hundreds and who ever had a cheery and pleasant word for all. A few days before his death he told his pastor that he had not a moment to lose. "We farmers must do all we can and spare no time." We must raise every bit of grain we can to feed our boys over there."

This great war bore heavy upon him and he discussed the situation with his father and with his farm laborers just a short time before his tragic death. The community has lost a valuable citizen and a dutiful son, and a devoted companion. Sisters and brother have lost a dear brother and friend all in one, and one whose loss they deeply feel. The flowers which were many and beautiful were in charge of Miss Winifred Ashley, Mrs. Mae McCaleb, Mrs. Kendall. The music was in charge of Mesdames L. S. Black, P. M. Green, Miss Faye Rees, Charles Hale and L. S. Black. The bearers were cousins of the deceased, Royal Merriam, Ed Merriam, John Pine, John Lazby, Markham, Clarence Adams, Waverly and Dr. Bowe of Jacksonville, friend. Burial took place at Green cemetery.

The dedication exercise of the community service flag given by the Bluffs Household Science club were held at the opera house at 2:30 o'clock Thursday. The flower girls, led by the Boy Scouts in uniform, formed in line at the school building and marched to the opera house carrying flags and flowers. Fifty seven of the Brown County boys of the selective draft, while waiting between trains, attended in a body as honored guests of the occasion.

The exercises were opened by Miss Suzanne Rinehart with a violin solo and piano accompaniment by Mrs. L. S. Black.

Invocation—Rev. Derry, pastor of F. M. church.

America was next on program and was heartily sung by audience.

Miss Maude Vannier gave a splendid reading on "Patriotism." Music—Miss Rinehart and Mrs. Black.

Solo, "God Send You Back to Me"—Miss Faye Rees. Miss Rees has resided here only a few weeks but her sweet voice and gentle manner has won for her a place in the hearts of the people.

The honor roll of 63 names was read by Mrs. Lena Kory and each name was read the ladies of the Women's Club presented each mother, whose son had been called to the colors with a rose. The Honor roll of the Civil war and Spanish American war veterans were read and each presented with a rose. Owing to the absence of the Household Science club president the flag was presented by Rev. Rees. The dedication service was read by Rev. Rinehart and the word of acceptance in behalf of the families was spoken by Rev. Derry. The audience sang the Star Spangled Banner and adjourned to the cemetery where a suitable address was delivered by Supt. R. L. Newenham. After singing patriotic songs, the Boy Scouts and Flower Girls decorated the graves of our hero dead.

DAVID PRINCE SCHOOL CLOSES YEAR WORK

Certificating Exercises Took Place at Auditorium Friday—Interesting Program Given.

The annual certificating exercises of David Prince school took place Friday afternoon at 2:30 o'clock in the auditorium. An audience including friends and relatives of the members of the class was in attendance and found the program of a very interesting kind. The literary exercises were varied with musical numbers and altogether the program was one entirely pleasing. The first half of the program related to the state and was suggested by the centennial celebration near at hand. The latter half was of an entirely patriotic character, both the literary numbers and the music. Misses Mabel Wyatt and Ruth Dorwart were the accompanists in the various musical selections.

Some years ago the certificating exercises in the eighth grade were made quite elaborate. In more recent years a simpler plan has been followed, greatly to the satisfaction of the pupils, and teachers and their friends. Many of the numbers on the program were in reality parts of the regular school work. It was quite fitting that so many of the numbers were of a patriotic tone because the members of this class have been especially consistent in their patriotic work. All of them have war gardens and most of them have been enthusiastic in Thrift Stamp sales and the activities of the food administration.

The girls all wore white middie with green neckties, these being the colors of the David Prince school, and the simplicity and daintiness of their costumes fitted in nicely with the other details of the program, which the principal, Miss Laura White and her assistants had arranged with such care. There is a fine atmosphere and spirit at the David Prince school and it was well reflected in Friday's program.

The order of exercises, together with the names of the seventy-three boys and girls who were given certificates by Supt. Perrin, are given below. There are eight other pupils who will take part work in the high school but who will be enrolled in the David Prince.

MAKING GOOD IN THE NAVY

The Quincy Whig of recent date has a picture of Thomas Donald Walsh, who is now serving as seaman on the battleship "Virginia." This young man enlisted in the service April 19, 1917, when he was eighteen years of age. He is one of the forty alumni of Roosevelt college now in the navy or army service. While in college here the young man was prominent in athletic work and was very popular with his associates. He is a son of Mr. and Mrs. J. C. Walsh of Quincy and a nephew of Thomas Walsh of Hardin avenue, this city. Young Walsh was sent to Newport, R. I., for a training course and subsequently was assigned to duty on the battleship Virginia. In a comparatively short time he was promoted to be a first class seaman and he is evidently making an excellent record in the navy service.

MOTHERS MEETING.

The regular meeting of the Mother's Association for Morgan County soldiers was held at Grace church Friday afternoon. The regular reports of the officers were read. Reports showed quite an amount of yarn on hand for knitting. It was voted that during the hot months only one public meeting be held each month and that on the last Friday and other meetings be subject to the call of the president. It was also decided to keep a roll of names of the Morgan county boys who have made the supreme sacrifice. Rev. M. L. Pontius who is always a welcome speaker was heard in a

splendid address. The float prepared by the Mothers Association for the parade May 30 had the unique distinction of being driven by the son of one of the mothers in the Association and a soldier now here on furlough. It was also a fact that Miss Beulah McMurphy in time holding the Association added much to the occasion. She did also Miss Florence Madd who represented a mother knitting. The 3 little sailor lads and two others as soldiers perform their parts well.
